

# Associate in Veterinary Education

## A new 5 day residential course at the RVC, Hertfordshire

“The teacher who is indeed wise does not bid you to enter the house of his wisdom but rather leads you to the threshold of your mind.”

Kahlil Gibran (1883–1931)

### WHAT WILL I LEARN?

During the course you will use work-based tasks, explore relevant literature and reflect critically on key aspects of effective veterinary education, as well as your own educational practice.

*The themes covered are:*

- Student Learning
- Teaching Methods
- Developing Learning Materials
- Developing Skills
- Assessment and Feedback

### WHERE IS IT?

The course will be delivered at the RVC's Hawkshead campus in Hertfordshire, by a team of veterinary education experts based at the acclaimed LIVE Centre (Lifelong and Independent Veterinary Education).

### WHY RESIDENTIAL?

You will have the opportunity to meet, share your experiences and learn alongside your peers without distraction. Comfortable, modern accommodation is provided in an attractive, rural location allowing you to totally immerse yourself in your studies in a time-efficient and focused manner.

### HOW MUCH WILL IT COST?

Course only\* £1,100

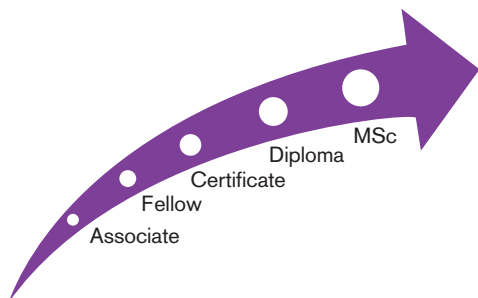

Course plus accommodation\*\* £1,520

\* Lunch and refreshments included.

\*\* Accommodation is provided for five nights in our conference suite at the Hawkshead campus, Hertfordshire from Sunday evening departing Friday afternoon. Breakfast, lunch, refreshments and evening meals are included.

### WHAT WILL I ACHIEVE?

Following attendance at the residential course and the successful completion of 4 subsequent assignments, you will become an Associate of the Higher Education Academy. You may then choose to continue your studies further.

*The Associate qualification is the first of five progressive qualifications culminating in the MSc in Veterinary Education (Associate, Fellow, PG Certificate, PG Diploma, MSc).*
