PGCert Veterinary Clinical Studies Annexe to the BVetMed Programme Specification
Applies to Cohort Commencing 2017

| 1. Awarding institution          | Royal Veterinary College |
| 2. Teaching institution          | Royal Veterinary College |
| 3. Programme accredited by       | n/a                      |
| 4. Final award                   | Postgraduate Certificate |
| 5. Programme Title               | Veterinary Clinical Studies |
| 6. Date of First Intake          | 2015                     |
| 7. Frequency of Intake           | Flexible by arrangement  |
| 8. Duration and Mode(s) of Study | Full-time
At least 48 weeks with at least 28 weeks of intramural rotations |
| 9. Timing of Examination Board meetings | Annually in June and September |
| 10. Date of Last Periodic Review | n/a                      |
| 11. Date of Next Periodic Review | In tandem with BVetMed    |

12. Entry Requirements
Prospective students must hold the equivalent of 120 specific credits at FHEQ level 6 and a further 240 specific credits (360 credits overall) in essential pre-clinical knowledge of anatomy, physiology and disease processes gained from a course intended to lead to professional registration as a veterinary surgeon.

Prospective students must not:
- be currently registered for the BVetMed
- or have been previously, registered for the BVetMed and required to leave the course by the RVC

13. UCAS code | n/a |
14. JACS Code | D100 |
15. Relevant QAA subject benchmark | Veterinary Science |

16. Reference points
i. Veterinary Surgeons Act (1966)
viii. RCVS EMS Recommendations, Policy and Guidance (2009)
x. Criteria and guidance for RCVS approval of veterinary degree courses in the UK & overseas (2011)

17. Educational aims of programme

To provide a sound training in essential basic veterinary clinical skills for those:
- training to be a veterinary surgeon at establishments other than RVC
- qualified surgeons in jurisdictions other than the UK/EU seeking to update and develop their skills
18. Programme outcomes - the programme offers opportunities for students to achieve and demonstrate the following learning outcomes.

At the time of completion of the award students should be able to meet all of the outcomes detailed in the BVetMed rotations handbook for 22 weeks of core rotations and 6 weeks of track rotations, and have had opportunity to apply these in veterinary practice and similar establishments.

19. Teaching/learning methods

Teaching and learning is identical to the clinical intra-mural rotations year of the BVetMed:

- observation, discussion and practical experience as a member of the clinical team in the College’s hospitals, and in clinical enterprises in which the College is a collaborating partner;
- attendance at lectures, seminars and workshops

20. Assessment

- Continuous assessment in the clinical environment in the areas of professional activity, practical skills and clinical reasoning and application of knowledge.
- 8 weeks of clinical placements (EMS) in veterinary practices and similar settings

21. Programme structures and requirements, levels, modules, credits and awards

Identical to the clinical intra-mural rotations year of BVetMed

22. Assessment  See award and assessment regulations for the programme

23. Date of production/revision  10/07/15
