   • Common Grading Scheme (CPRQ – Undergraduates)
   • Common Grading Scheme (Reflective Writing)

6.2. Multiple Choice Questions
   The number of marks available for each type of question will be clearly stated on the
   examination paper. A question left unanswered or deleted by the candidate will score zero.
   The pass mark for MCQ examinations as a whole will be set according to approved and
   accepted standard setting protocols, normalised and then scaled.

6.3. Problem Solving Questions
   The number of marks allocated to each section of the question will be clearly stated, totaling
   10 marks for the whole question. The model answer will state how marks are to be allocated
   for specific factual answers, or the description or completion of a defined process. Where
   an answer must be judged more subjectively, the model answer must describe the quality of
   content, understanding, integration or expression required to attain the marks allocated for
   that answer. Fractional scores are permitted for each section.

6.4. Integrated Structure and Function (ISF) Orals
   Each structured oral examination will be marked out of a maximum of ten marks with
   students accumulating marks by answering questions of increasing complexity. Highest
   marks will be obtained by students demonstrating integration of their knowledge.

9. Consequences of Failure

9.1. A candidate who fails the examination overall at their first attempt is required to take the resit or withdraw from the course. The overall mark obtained at the second attempt will be no greater than 50%.
9.2. A student who is studying full time and has failed either the first or second year of their degree course at the second attempt and **has not previously** repeated a year of undergraduate study at the College (on any programme) will be entitled to repeat the year. The number of attempts at assessments will be the same as for those students not repeating the year. All Year Marks or Module Marks under the ‘repeat year’ rule will be capped at a maximum of a bare pass and that will be the mark carried forward for degree classification.

9.3. A student who is studying full time and has failed the year at the second attempt and **has previously** repeated a year of undergraduate study at the College (on any programme) will be required to withdraw from the course. S/he will have a right of appeal as described in College Regulations.

9.4. A full time student who has not passed at the end of a repeated year is required to appeal irrespective of any deferrals.

9.5. Any student who has failed after having taken all resit and repeat opportunities will be required to withdraw from the course. S/he will have a right of appeal as described in College Regulations.

10. **Classification**

10.1. A candidate who, at the first attempt, obtains an overall mark of 70% or more, with a mark of at least 65% gained in each of the two elements (Essential Knowledge AND Problem Solving and Interpretation), will be awarded a pass with Distinction.

10.2. A candidate who, at the first attempt, obtains an average mark of 65% or more, but who does not meet the criteria for the award of a pass with Distinction, will be awarded a pass with Merit, provided each of the two elements (Essential Knowledge AND Problem Solving and Interpretation) is passed.

10.3. A candidate who achieves an overall mark of 40% or more in Year 1 but does not proceed with study will be eligible for the award of Certificate of Higher Education.

The award of Certificate of Higher Education will be classified by the overall mark as follows:

- 40-59% Pass
- 60-69% Merit
- 70% or more Distinction

11. **Disclosure of Marks**

Results will be published by candidate number.

12. **Absence From In-Course Assessment**

12.1. Where a student has an *allowable* absence, s/he will be marked absent (A) from a summative assessment. Where a student has an A, and there are two or more in-course assessments in the year, the marks awarded will be the average of the other in-course assessment marks gained by the student.

12.2. 90% of the marks for the year must be attributed to results of direct assessment i.e. no more than 10% of marks can be attributed to Absent (A) marks.
12.3. An allowable absence is one that is for a significant unforeseeable event such as illness.

12.4. Any other foreseeable absence will only be considered allowable if agreed by the Student Performance and Development System (formerly Academic Progress Committee) and this will only apply in very strictly limited circumstances.

12.5. A student absent for any other reason will be awarded 0 (zero) for the assessment.

13. **Late Submission of Work**

A student who has not completed 6 weeks will normally be required to delay their progression to the next year.
