Assessment & Award Regulations

1. **Course** Bachelor of Veterinary Medicine

2. **Year** 1

3. **Applicable to Academic Year** 2021/22

4. **Aspects of Course Covered by Examination**
   - All subjects taught in Year 1

5. **Form of Examination**
   5.1. **Written Papers**
       - Paper 1: Multiple Choice Questions (MCQ); up to 1½ hours
       - Paper 2A: Problem Solving / Integrated Reasoning Questions (integrated PSQ format); up to 3 hours
       - Paper 2B: Problem Solving / Integrated Reasoning Questions (research paper and mini-DL/extended PSQ format); up to 3 hours
   5.2. **In Course Assessments**
       - Two summative in-course assessments (MCQ & PSQ) related to subjects taught in Year 1.
       - Formative extended essay.
       - Portfolio asset.
   5.3. **Practical tests:**
       - Animal Handling - Direct Observation of Procedural Skills (DOPS) in the following animal groups: Small artiodactyls (e.g. sheep), large artiodactyls (e.g. cattle), horse, dog, poultry.
       - Structured orals (integrated structure and function) related to subjects taught in Year 1.

6. **Marking Criteria**
   6.1. **Essay Questions**
       - The Common Grading Scheme (LAQ & CPRQ) will be used as appropriate for extended pieces of writing.
   6.2. **Multiple Choice Questions**
       - The number of marks available for each type of question will be clearly stated on the examination paper. A question left unanswered or deleted by the candidate will score zero.
       - The pass mark for MCQ examinations as a whole will be set according to approved and accepted standard setting protocols, normalised and then scaled.
   6.3. **Problem Solving Questions**
       - The number of marks allocated to each section of the question will be clearly stated, totaling 10 marks for the whole question. The model answer will state how marks are to be allocated for specific factual answers, or the description or completion of a defined process. Where an answer must be judged more subjectively, the model answer must describe the quality of content, understanding, integration or expression required to attain the marks allocated for that answer. Fractional scores are permitted for each section. Where the mean for Paper 2 is below 60%, a recognised standard setting method will be applied and the marks normalised, if the standard set pass mark falls below 50%.
6.4. **Integrated Structure and Function (ISF) Orals**
Each structured oral examination will be marked out of a maximum of ten marks with students accumulating marks by answering questions of increasing complexity. Highest marks will be obtained by students demonstrating integration of their knowledge.

6.5. **Direct Observation of Procedural Skills (DOPS)**
Students' performance in each animal group will be graded to assess:
- Health & Safety
- Animal Welfare
- Technical Ability
- Professionalism

Health & Safety and Animal Welfare are graded as a pass or fail. The grades for Technical Ability and Professionalism are: Exceeds Expectations, Meets Expectations, Borderline, Below Expectations.

To be graded as “Competent” for the station overall, students are required to achieve a grade of “Pass” for both Health & Safety and Animal Welfare, as well as no grade of Below Expectation or no more than 1 Borderline grade for Technical Ability and Professionalism.

7. **Allocation of Marks and any Additional Requirements**

7.2. For the purposes of section 8 and section 10 below:
- Component i. is an Essential Knowledge Element
- Components ii and iii. are grouped together as Problem Solving and Interpretation Elements.

8. **Requirements to Pass Overall**

8.1. **First Sit**
Following scaling of the marks, students must:

- Gain an average mark of 50% or more aggregated from the marks listed under “First Sit”, components i. to v. in 7.1 above
- Gain at least 40% for the ESSENTIAL KNOWLEDGE element (Written Paper 1)
- Gain at least 40% for the combined PROBLEM SOLVING AND INTERPRETATION elements (Written Paper 2A, 2B and ISF Oral) of the examinations
- A result of “Competent” for each DOPS station
Assessment & Award Regulations

8.2. Resit
Following scaling of the marks, students must:

- Gain an average mark of 50% or more aggregated from the marks listed under “Resit”, components i. to iii. in 7.1 above.
- Gain at least 40% for the ESSENTIAL KNOWLEDGE element (Written Paper 1).
- Gain at least 40% for the combined PROBLEM SOLVING AND INTERPRETATION elements (Written Paper 2A, 2B and ISF Oral) of the examinations.
- A result of “Competent” for each DOPS station.

9. Consequences of Failure

9.1. Those students graded as “Not yet competent” in any animal handling group in the DOPS will be given a second opportunity to take those stations again, in time to be considered at the main BVetMed Year 1 Exam Board. Both of these opportunities will be classed as the first attempt.

9.2. Those students graded as “Not yet competent” in any animal handling group in the DOPS following their second opportunity (first attempt) will be given a third opportunity those stations. This opportunity will be classed as the ‘resit’.

9.3. Those students who do not pass Year 1 overall due components i to v (in 7.1 above) at the first attempt will be required to resit components i to iii (as per 7.1 above).

9.4. A student who remains “Not yet competent” in any DOPS station following the second opportunity will only have to re-sit the specific DOPS station(s) that they failed. A student who fails the year at their first attempt is required to take the resit or withdraw from the course. The overall mark obtained at the second attempt will be no greater than 50%.

9.5. A student who is studying full time and has failed either the first or second year of their degree course at the second attempt and has not previously repeated a year of undergraduate study at the College (on any programme) will be entitled to repeat the year. The student will be required to complete all assessments in the repeat year, regardless of previous attempts. The number of attempts at assessments will be the same as for those students not repeating the year. All Year Marks or Module Marks under the ‘repeat year’ rule will be capped at a maximum of a bare pass and that will be the mark carried forward for degree classification.

9.6. A student who is studying full time and has failed the year at the second attempt and has previously repeated a year of undergraduate study at the College (on any programme) will be required to withdraw from the course. They will have a right of appeal as described in College Regulations.

9.7. A full time student who has not passed at the end of a repeated year is required to appeal irrespective of any deferrals.

9.8. Any student who has failed after having taken all resit and repeat opportunities will be required to withdraw from the course. They will have a right of appeal as described in College Regulations. A student who has achieved an overall mark of 40% or more in Year 1, but who does not proceed with study on the BVetMed course, will be eligible to apply for transfer to BSc Bioveterinary Sciences Year 2.
10. **Classification**

10.1. A student who, at the first attempt, obtains an overall mark of 70% or more, with a mark of at least 65% gained in each of the two elements (Essential Knowledge AND Problem Solving and Interpretation) and a grade of “Competent” for each DOPS station, will be awarded a pass with Distinction.

10.2. A student who, at the first attempt, obtains an average mark of 65% or more, but who does not meet the criteria for the award of a pass with Distinction, will be awarded a pass with Merit, provided each of the two elements (Essential Knowledge AND Problem Solving and Interpretation) is passed and a grade of “Competent” has been achieved for each DOPS station.

10.3. A student who achieves an overall mark of 40% or more in Year 1 but does not proceed with study will be eligible for the award of Certificate of Higher Education.

The award of Certificate of Higher Education will be classified by the overall mark as follows:

- 40-59% Pass
- 60-69% Merit
- 70% or more Distinction

11. **Disclosure of Marks**

Results will be published by candidate number.

12. **Absence From In-Course Assessment**

12.1. Where a student has an *allowable* absence, they will be marked absent (A) from a summative assessment. Where a student has an A, and there are two or more in-course assessments in the year, the marks awarded will be the average of the other in-course assessment marks gained by the student.

12.2. 90% of the marks for the year must be attributed to results of direct assessment i.e. no more than 10% of marks can be attributed to Absent (A) marks.

12.3. An allowable absence is one that is for a significant unforeseeable event such as illness.

12.4. Any other foreseeable absence will only be considered allowable if agreed by the Student Performance and Development System (formerly Academic Progress Committee) and this will only apply in very strictly limited circumstances.

12.5. A student absent for any other reason will be awarded 0 (zero) for the assessment.

13. **Late Submission of Work**

Reports, Projects and Assignments submitted after the due deadline will be subject to the late submission policy set out in the College’s General Assessment Regulations.

14. **Requirements to Progress to the Next Stage of the Course**

14.1. Students are required to have submitted an Extended Essay and a Professional Studies Portfolio Asset.
