6.	Marking Criteria			
6.1.	Multiple Choice Questions The number of marks available for each type of question will be clearly stated on the examination paper. A question left unanswered or deleted by the student will score zero. The pass mark for the MCQ examinations as a whole will be set according to approved and accepted standard setting protocols, normalised and then scaled.

The model answer will state how marks are to be allocated actual answers, or the description or completion of a defined process. Where just be judged more subjectively, the model answer must describe the quality of erstanding, integration or expression required to attain the marks allocated for Fractional scores are permitted for each section.		
6.3.	Each structure students acc	Structure and Function (ISF) Orals red oral examination will be marked out of a maximum of ten marks with umulating marks by answering questions of increasing complexity. Highest marks led by students demonstrating integration of their knowledge.		

6.4 Observation of Procedural Skills (DOPS)

Students' performance in each animal group will be graded to assess:

- Health & Safety
- Animal Welfare
- Technical Ability
- Professionalism

Health & Safety and Animal Welfare are graded as a pass or fail. The grades for Technical Ability and Professionalism are: Exceeds Expectation, Meets Expectation, Borderline, Below Expectation.

To be graded as "Safe" for the station overall, students are required to achieve a grade of "Pass" for both Health & Safety and Animal Welfare, as well as no grade of Below Expectation or no more than 1 Borderline grade for Technical Ability and Professionalism.

8.1. First Sit

Following scaling of the marks, students must:

Gain an average mark of 50% or more aggregated from the marks listed under "First Sit", components i. to v. in 7.1 above.

AND

Gain at least 40% for the ESSENTIAL KNOWLEDGE element (Written Paper 1)

AND

Gain at least 40% for the combined PROBLEM SOLVING AND INTERPRETATION elements (Written Papers 2A & 2B, plus ISF Oral) of the examinations.

AND

A result of "Safe" for each DOPS station.

Gain an average mark of 50% or more aggregated from the marks listed under "Resit", components i. to iii. In 7 above. AND Gain at least 40% for the ESSENTIAL KNOWLEDGE element (Written Paper 1) AND Gain at least 40% for the combined PROBLEM SOLVING AND INTERPRETATION elements (Written papers 2A & 2B, plus ISF Oral) of the examinations. AND A result of "Safe" for each DOPS station. 9. Consequences of Failure 9.1. A student who fails at the first sit is required to take the resit or withdraw from the course. The overall mark obtained at the resit will be no greater than 50%. 9.2 A student graded as "Not yet safe" in any animal handling group in the DOPS will be given a second opportunity to take those stations again in time to be considered at the main Accelerated BvetMed Exam Board. Both of these opportunities will be classed as the first sit. 9.3 A student graded as "Not yet safe" in any animal handling group in the DOPS following their second opportunity first sit) will be given a third opportunity to retake those stations. This opportunity will be classed as the "resit". 9.4 A student who remains "Not yet safe" in any DOPS station following the second opportunity will only have to re-sit the specific DOPs station(s) that they failed. 9.5 A student who fails the resit will be required to withdraw from the course.
