9.	Consequences of Failure
9.1	A student who fails the statistics examination will be required to re-sit at the earliest available opportunity (mark will be capped at 50%). Subsequent failure at the re-sit examination will require the student to meet with the College statistician to discuss the reasons for their poor performance and to identify ways of improving their understanding of statistical methods, which may require referral to the Student Performance and Development System (SPDS) and/or Advice Centre, if additional support (e.g. numeracy) is considered necessary. In addition, examiners will be informed of this result prior to the oral examination and asked to specifically question the student's understanding of the data analysis presented in the dissertation.
9.2	A student who fails overall at the first attempt shall be given an opportunity to revise and resubmit the dissertation (normally a maximum of 3 months after the viva date) and will be required to re-sit the oral examination, if this mark was less than 5/10. In terms of in-course assessment, the student can elect to carry forward their marks, but will be given the opportunity to resubmit their graphical abstract and/or retake the poster presentation, if these scored less than 5/10.
9.3	A student who fails at the second attempt will be required to relinquish the course; they will have a right of appeal as described in College Regulations.
10.	Classification and Awards:
10.1	From the combined mark taken from all of the components defined in 6 above, a candidate who achieves: 70% or more at the first attempt from the aggregate of all elements: Distinction 65-69% at the first attempt from the aggregate of all elements: Merit 50-64% at the first attempt from the aggregate of all elements: Pass A maximum of 50% will be awarded for a second attempt.
11.	Absence from Summative Assessments and In-Course Assessment
11.1	Where a student has an <i>allowable absence</i> , they will be required to contact the Course Director to request an extension (in the case of in-course assessment and/or submission of the dissertation) or deferral (in the case of the oral examination).
11.2	An allowable absence is one that is for a significant unforeseeable event such as illness. Any other foreseeable absence will only be considered allowable if agreed by SPDS and this will only apply in very limited circumstances. A student absent for any other reason will be awarded 0 (zero).
12.	Late Submission of Work
12.1	Dissertations submitted after the due deadline (the end of the eleventh month of study pro-rated for part-time students), without a Course Director-approved extension, will be subject to the late submission policy set out in the College's General Assessment Regulations.
