TREASURER'S REPORT

for the year ended 31 July 2005

1 SCOPE OF FINANCIAL STATEMENTS

The financial statements have been prepared in accordance with the SORP: Accounting for Further and Higher Education, and the relevant accounting standards. The consolidated financial statements cover the activities of the College, the Animal Care Trust (ACT) and the London BioScience Innovation Centre Limited.

2 CONSOLIDATED RESULTS FOR THE YEAR

	2005	2004
	£000	£000
Income	38,589	34,196
Expenditure	(37,805)	(34,588)
Surplus on Continuing Operations	784	(392)
Profit on disposal of assets	-	646
Transfer to specific endowments	122	124
Surplus within General Reserves	906	378

The College had set an objective to achieve a surplus of 1.5% of income in 2004-05 to fund future strategic developments aimed at improving the overall performance of the College. In 2004-05 the College achieved this objective: the surplus for the year as a percentage of income was 2.4%.

3 INCOME

Total income for the year rose by 13% (2004: 11%). Funding Council grants showed an overall increase of 20% (2004: 17%). Teaching and research grant rose by 15% and 7% respectively.

Full time overseas fees showed a decrease in year of 8% (2004: 2% decrease), due to the weak US dollar. Efforts to attract more overseas postgraduate students were successful.

Income resulting from clinical and related earnings continued to perform well, increasing 6% (2004: 7%). This growth was mainly due to increased income from the Queen Mother Hospital for Animals (16%). Other clinical services also performed well during the year. Income from research grants and contracts rose by 10% (2004: 1%), a significant increase on previous years.

4 EXPENDITURE

Overall expenditure increased by 9% (2004: 18%), staff costs rose by 10% (2004: 16%) as a result of the continued increase in academic and academic-related staff, recruited to reflect the expansion of the core activities; teaching, research and clinical services.

Other operating expenses increased by 11% (2004: 15%) The most significant increases were in the areas of studen and educational expenditure (24%), rates, cleaning and insurance (33%); utilities (32%) and legal and other consultancy (26%). Depreciation rose from $\pounds 2,648,000$ in 2004 to $\pounds 2,811,000$ in 2005, an increase of 6% (2004: 37%).

There being a significant investment in equipment during the year, both for clinical and research activity.

5 INVESTMENTS

The closing market value of the College's share portfolio was $\pounds 8,538,000$ (2004: $\pounds 6,454,000$).

6 CAPITAL PROJECTS

Work was completed on a number of major capital projects during the year. Phase 3 of the LBIC building, in Camden, was successfully completed on time and on budget. The new Centre was formally opened on 26 October 2005 by Lord Patten of Barnes.

Work was also completed during the year on the new research laboratories in the Hobday building at Camden The refurbishment of the main lecture theatres at Camden was also completed. These latter two projects where supported by capital funding from the Higher Education Funding Council for England (HEFCE). The College started work on building the new LIVE! Centre for Excellence in Teaching and Learning during 2004/05 - a £1.9m facility located on the Hawkshead site, support by HEFCE funding.

7 CASH FLOW

Net cash inflow was £688,000 (2004: £1,214,000) due to high levels of capital investment during the year and the loan drawn down at the year end in respect to LBIC Phase 3. Closing net debt stood at £4,930,000 (2004: £5,017,000).

8 FUTURE DEVELOPMENTS

The College continues to supporting an expanded estate and a growth in activities and will continue to expand its infrastructure to provide excellent facilities for teaching, research, clinical services and other commercial activities.

9 CONCLUSION

The year to 31 July 2005 has been financially satisfactory. However, there is a necessity to control costs as the College continues to expand. The College remains financially sound and well placed to meet future challenges.

V.H. Chatfield lobely

25 SUBSIDIARIES

London Bioscience Innovation Centre Ltd (company number 04013123) is a wholly owned subsidiary company registered in England and Wales. Its main business is to facilitate Biotechnology start up companies. Animal Care Trust (charity 281571) is a wholly owed charitable trust of the College whose function is to support the College activities.

26 RELATED PARTIES

The College has taken advantage of the exemption conferred by Financial Reporting Standard No 8, 'related Party Disclosures', not to disclose transactions within related parties which are eliminated on consolidation. A related party relationship exists between the College and Immexis. Professor Howard is a director of the subsidiary, London Bioscience Innovation Centre Ltd and a controlling shareholder of Immexis. The College also has 23% shareholding in Immexis. Immexis is a customer of the Subsidiary and pays for laboratory services and accommodation at the same rate as other customers. The amount due from Immexis at the year end is £8,000 (2004 - £24,000). No amount has been written off during the year.

The College granted a £300,000 interest free loan to the Principal as part of his relocation packgage. The loan is secured on his property, and the benefit in kind arising from the loan is £6,000 (2004 - nil).

28 TAXATION

The College and its subsidiary, the Animal Care Trust are charities benefiting from charitable tax exemptions. Its other subsidiary, the London Bioscience Innovation Centre, has not incurred a tax liability in 2005 as it has incurred tax losses.

for the year ended 31 July 2005

	At 31 July 2005	20	18	20	18	

Funding Council grants are available solely for students; the College acts only as paying agent. The grants

and related disbursements are therefore excluded from the Income and Expenditure Account.

30 PENSION SCHEMES

The two pension schemes for the College's staff are the Universities Superannuation Scheme (USS) and the Superannuation Arrangements for the University of London (SAUL). It is not possible to identify the College's share of the underlying assets and liabilities of either scheme and hence contributions are accounted for as if they were defined contribution schemes. The schemes are defined benefit schemes which are externally funded and contracted out of the State second Pension (S2P) and valued every three years by professionally qualified independent actuaries using the Projected Unit Method.

The rates of contribution for both schemes are determined by the Trustees on the advice of actuaries, the cost recognised for the year in the Income and Expenditure account being equal to the contribution to the scheme. The assumptions and other data which have the most significant effect on the determination of the contribution levels are as follows:

2002
illion
illion
h 2005
ni

Surplus arising from past service allows employers to pay contributions at 14% for USS and 10.5% for SAUL. Surpluses or deficits which arise at future valuations may impact on the employer's future contribution commitment. The next formal actuarial valuations are due at 31 March 2005 when the contribution rates will be reviewed.

	2005	2004
	£000	£000
USS contributions	1,321	1,213
USS premature retirement payment £114,000 less provision £86,000 (2004)	-	28
SAUL contributions	429	400
Other pension payment	3	3
Total Consolidated Pension Costs	1,753	1,644

for the year ended 31 July 2005

1 ACCOUNTING CONVENTION

The financial statements have been prepared under the historical cost convention as modified by the revaluation of fixed asset investments and in accordance with applicable accounting standards and the Statement of Recommended Practice 'Accounting for Further and Higher Education 2003'.

2 BASIS OF CONSOLIDATION

The financial statements consolidate the results of the College and the Animal Care Trust, a separate registered charity, and London Bioscience Innovation Centre Limited. The subsidiaries have the same year end as the College. The Student Union Society has not been consolidated. The College has no financial interest and no control or significant influence over the Sudent Union Society's policy decisions.

3 RECOGNITION OF INCOME

Income from specific endowments and donations, research grants, contracts and other services rendered is included to match the expenditure incurred during the year. All income from short term deposits and general endowment asset investment is credited to the Income and Expenditure (I & E) account on a receivable basis. Only the net margin is reported as income in respect of back to back leases.

4 PENSION COSTS

Contributions to the USS and SAUL's defined benefit pension scheme are charged to the I & E account as the College is unable to identify its share of the underlying assets and liabilities of these schemes. The amounts charged to the accounts are the same as actual contributions paid.

5 CASH FLOWS AND LIQUID RESOURCES

Cash flows comprise movements in cash. Cash includes cash in hand, overnight deposits and overdrafts. Liquid resources include term deposits and government securities.

6 FOREIGN CURRENCIES

Transactions denominated in foreign currencies are recorded at the rates of exchange ruling at the dates of the transactions. Monetary assets and liabilities denominated in foreign currencies are translated into sterling at year end rates. The resulting exchange differences are expensed in the I & E account for the financial year.

7. MAINTENANCE OF PREMISES

Routine and corrective maintenance is charged to the I & E account in the period that it is incurred.

8 FIXED ASSETS

Land and buildings are stated at historical cost. Freehold land is not depreciated. Buildings are depreciated over their expected useful lives between 20 and 25 years. Equipment and furniture costing less than \pounds 5,000 per individual item is written off in the year of acquisition. All other equipment is capitalised. Capitalised equipment is recognised at cost and depreciated over 3 - 7 years.

Where capitalised items are acquired with the aid of specific grants or donations they are capitalised and depreciated as above. The related grants are credited to deferred capital grants and released to income to offset against the depreciation charge.

9 LEASES

Assets held under finance leases are capitalised at their fair value on the inception of the leases and depreciated over the shorter of the period of the lease and the estimated useful economic lives of the assets. The finance charges are allocated and charged to the I & E account in proportion to the reducing capital element outstanding.

10 INVESTMENTS

Endowment and fixed asset investments are included in the balance sheet at market value. Current asset investments are included at the lower of cost or net realisable value. Changes in the market value of fixed asset investments are reflected in the revaluation reserves. Changes in the market value of endowment asset investments are taken directly to the endowment fund.

11 STOCKS

The stocks comprise stores held by surgeries, farm livestock, produce and consumables. The farm stocks are professionally valued; other stocks are stated at the lower of cost or net realisable value.

12 TAXATION STATUS

The College is an exempt charity within the meaning of Schedule 2 of the Charities Act 1993. Accordingly the College is potentially exempt from taxation in respect of income or capital gains received within categories covered by s505 of the Taxes Act 1988 or s256 of the Taxation of Chargeable Gains Act 1992 to the extent that such income or gains are applied to exclusively charitable purposes.

RESPONSIBILITIES OF THE COLLEGE COUNCIL

for the year ended 31 July 2005

The Council is responsible for the administration and management of the affairs of the College and is required to present audited financial statements for each financial year.

RECORD KEEPING AND ACCOUNTING

The Council is responsible for keeping proper accounting records which disclose with reasonable accuracy at any time the financial position of the College and to enable it to ensure that the financial statements are prepared in accordance with the College's Charter, the Statement of Recommended Practice on Accounting for Further and Higher Education and other relevant accounting standards.

FINANCIAL STATEMENTS

The Memoranda agreed between the HEFCE and the Council of the College (the Council) through its designated office holder (the Principal), is required to prepare financial statements for each financial year which give a true and fair view of the state of affairs of the College and of the surplus or deficit and cash flows for that year. During preparation of these statements, the Council has ensured:

* that suitable accounting policies are selected and applied consistently;

* that judgements and estimates are made that are reasonable and prudent;

* that applicable accounting standards have been followed, subject to any material departures disclosed and explained in the financial statements; and

* that financial statements are prepared on the going concern basis. The Council is satisfied that it has adequate resources to continue in operation for the foreseeable future: for this reason the going concern basis continues to be adopted in the preparation of the financial statements.

The Council has taken reasonable steps to:

* ensure that funds from the HEFCE are used only for the purposes for which they have been given and in accordance with the Financial Memoranda with the College and any other conditions which the Funding Council may from time to time prescribe; * ensure that there are appropriate financial and management controls in place to safeguard public funds and funds from other sources;

* safeguard the assets of the College and prevent and detect fraud; and

* secure the economical, efficient and effective management of the College's resources and expenditure.

INTERNAL CONTROLS

The College's system of internal control, which is designed to discharge the responsibilities set out above, include the following:

* clear definitions of the responsibilities and delegated authority of heads of academic and administrative departments;

* a comprehensive medium and short-term planning process, supplemented by detailed annual income, expenditure, capital and cash flow budgets;

* monthly reviews of financial results involving variance reporting and updates of forecast outturns;

* clearly defined and formalised requirements for approval and control of expenditure; investment decisions are subject to formal appraisal and review according to approval limits set by the Council;

* detailed Financial Regulations of financial controls and procedures are approved by the Audit Committee and Council; and

* a professional Internal Audit team whose annual programme is approved by the Audit Committee, and endorsed by the Council and whose head provides the Council with a report on internal audit activitiy within the College, and the adequacy and eggectiveness of the College's system of internal control, including internal financial control.

The Audit Committee, on behalf of the Council, has reviewed the effectiveness of the College's system of internal controls, and found it provides reasonable assurance against material misstatement or loss.

CORPORATE GOVERNANCE

for the year ended 31 July 2005

1 The College is committed to exhibiting best practice in all aspects of corporate governance. This summary describes the manner in which the College has applied the principles set out in Section 1 of the Combined Code on Corporate Governance issued by the London Stock Exchange July 2003 in so far as it applies to higher education Institutions. Its purpose is to help readers of the financial statements understand how the principles have been applied.

2 Throughout the year ended 31 July 2005, the College has been in compliance with all the provisions set out in Section 1 of the Combined Code on Corporate Governance insofar as they relate to Universities. The College also complies with the Guide for Members of Governing Bodies of Universities and Colleges in England and Wales that was issued by the Committee of University Chairmen in 1998.

3 The Council of the College is of the view that there is an ongoing process for identifying, evaluating and managing the College's significant risks, that it has been in place for the year ended 31 July 2005 and up to the date of approval of the annual report and accounts, that it is regularly reviewed by the Council and that it accords with the internal control guidance for directors on the Combined Code as deemed appropriate for higher education.

4 The College is an independent corporation, whose legal status derives from a Royal Charter granted in 1956, although the College can trace its history as a corporate body back to 1791. Its objects, powers and framework of governance are set out in this Charter and its supporting Statutes.

5 The Charter and Statutes require that the government of the College shall be vested in the Council, which has management and control of the College and administers all its property and income. The Council has a majority of members from outside the College (known as lay members) from whom the Chairman, Vice-Chairman and Treasurer are by custom elected. None of the lay members receive any payment for the work they do for the College, apart from the reimbursement of expenses.

6 The Statutes also require that there shall be an Academic Board, members of which are the Professors of the College and representatives of the teaching staff, and of which the Principal is Chairman. The Board advises the Council on all academic matters. 7 The principal academic and administrative officer of the College is the Principal, who under the Statutes is responsible for the conduct of the College. Under the terms of the formal Financial Memorandum between the College and the Higher Education Funding Council for England, the Principal is the designated officer of the College and in that capacity can be summoned to appear before the Public Accounts Committee of the House of Commons.

8 Although the Council ordinarily meets three times a year, much of its detailed work is initially discussed in Committees. All Council Committees are formally constituted with terms of reference and specified membership. All Committees report to the Council.

9 A majority of the lay members of Council are appointed by external bodies stipulated in the College's Royal Charter. The Council itself may co-opt up to eight members; proposals for the appointment of co-opted members are considered by the Nominations Committee. Ordinarily, lay members are eligible for re appointment at the conclusion of the three year term of membership laid down by the Charter.

10 The Finance Committee inter alia recommends to Council the College's annual budgets and monitors performance in relation to the approved budgets. The Remuneration Committee determines the remuneration of the most senior staff, including the Principal.

11 The Audit Committee meets three times a year, with the College's external and internal auditors in attendance as appropriate. The Committee considers detailed reports together with recommendations for the improvement of the College's systems of internal control and management's responses. It also receives and considers reports from the Higher Education Funding Council for England as they affect the College's business and monitors adherence to the regulatory requirements. Whilst senior executives attend meetings of the Audit Committee as necessary, they are not members of the Committee.

12 As Chief Executive of the College the Principal exercises considerable influence on the development of institutional strategy, the identification and planning of new developments and the shaping of institutional ethos. Senior academic and administrative officers all contribute in various ways to these aspects of the College's affairs, but the Principal remains responsible for the conduct of the College.

CORPORATE GOVERNANCE

for the year ended 31 July 2005

13 The Principal and the College's senior managers receive reports setting out key risk indicators and consider possible control issues. The Risk Register is regularly reviewed and amended as appropriate. Good progress has been made in implementing the risk management process at the College, however, it is recognised that there is still further work needed to ensure that the process is fully embedded at all levels within the organisation. The Audit Committee and Council also receive regular reports from the internal audit and from the Safety Committee which include recommendations for improvement. The Audit Committee's role in this area is confined to a high level review of the arrangements for internal control. The Council receives reports on risk and control from the Audit Committee. The emphasis is on obtaining the relevant degree of assurance and not merely reporting by exception.

14 The College maintains a register of interests of members of the Council. The Statutes specify that the Secretary to the College shall be Secretary to the Council. Any enquiries about the constitution and governance of the College should be addressed to the Secretary.

15 After making appropriate enquiries the Council has a reasonable expectation that the College has adequate resources to continue in operational existence for the foreseeable future. For this reason, they continue to adopt the going concern basis in preparing the accounts.

16 The Council has reviewed the College's system of internal financial control. Any system of internal financial control can, however, only provide reasonable, but not absolute assurance against material misstatement or loss.

INDEPENDENT AUDITORS' REPORT

to the Council of the Royal Veterinary College for the year ended 31 July 2005

We have audited the financial statements of Royal Veterinary College which comprise the income and expenditure accounts, statement of total recognised gains and losses, balance sheets, cash flow statements, reconciliation of cash flow to movement in net debts, statements of changes in net funds, the notes 1 to 30 and the statement of principal accounting policies, which have been prepared under the accounting policies set out therein.

This report is made solely to the Council of the Royal Veterinary College as a body, in accordance with the Financial Memoranda effective from 1 October 2003. Our audit work has been undertaken so that we might state to the Council's members those matters we are required to state to them in an auditors' report and for no other purpose. To the fullest extent permitted by law we do not accept or assume responsibility to anyone other than the Council as a body for our audit work, for this report, or for other opinions we have formed.

RESPECTIVE RESPONSIBILITIES OF THE COUNCIL AND AUDITORS

As described in the Statement of Responsibilities of the College Council, the Council is responsible for preparing the financial statements. Our responsibility as independent auditors are established by statute, the Auditing Practices Board, the Higher Education Funding Council for England and by our profession's ethical guidance.

We report to you our opinion as to whether the financial statements give a true and fair view and are properly prepared in accordance with the Statement of Recommended Practice on Accounting for Further and Higher Education. We also report to you whether income from funding bodies, grants and income for specific purposes and from other restricted funds administered by the College have been properly applied only for purposes for which they were received and whether income has been applied in accordance with the Statutes and, where appropriate, with the Financial Memorandum with the Higher Education Funding Council for England.

We also report to you if, in our opinion, the Treasurer's Report is not consistent with the financial statements, if the College has not kept proper accounting records, the accounting records do not agree with the financial statements or if we have not received all the information and explanations we require for our audit.

We read the other information contained in the Treasurer's report and consider the implications for our report if we become aware of any apparent misstatements or material inconsistencies with the financial statements.

BASIS OF OPINION

We conducted our audit in accordance with United Kingdom auditing standards issued by the Auditing Practices Board and the Audit Code of Practice issued by the Higher Education Funding Council for England. An audit includes examination, on a test basis, of evidence relevant to the amounts and disclosures in the financial statements. It also includes an assessment of the significant estimates and judgements made by the Council in the preparation of the financial statements, and whether the accounting policies are appropriate to the College's and group's circumstances, consistently applied and adequately disclosed.

We planned and performed our audit so as to obtain all the information and explanations which we considered necessary in order to provide us with sufficient evidence to give reasonable assurance that the financial statements are free from material misstatement, whether caused by fraud or other irregularity or error. In forming our opinion we also evaluated the overall adequacy of the presentation of information in the financial statements.

OPINION

In our opinion:

* the financial statements give a true and fair view of the state of the affairs of the College and the group as at 31 July 2005 and of the College's and group's surplus of income over expenditure, recognised gains and losses and cash flows for the year then ended and have been properly prepared in accordance with the Statement of Recommended Practice on Accounting for Further and Higher Education and with the College's Charter and Statutes;

* in all material respects funds from the Higher Education Funding Council for England, grants and income for specific purposes and from other restricted funds administered by the College have been applied for the purposes for which they were received; and

* in all material respects income has been applied in accordance with the College's Charter and Statutes and where appropriate with the Financial Memorandum effective 1 October 2003 with the Higher Education Funding Council for England.

Higher Education Funding Council for England.
