# **Pet Health Plans**

# Planning for your pet's health

We want to make preventative pet health care easy and affordable for you as we believe that prevention is better than cure.

Our pet health plan is **not** pet insurance.

It covers the regular treatments your pet needs throughout life, such as vaccinations, flea and worm control treatments and regular health checks.

Extra benefits of the plan include six-monthly health checks with the vet and 10% discount on nurse clinics (where charges apply).

The plan is designed to help you save money and spread the costs of your pet's routine health requirements.

We have teamed up with Simplyhealth, who will collect your Direct Debits on our behalf and take care of the administration of the plans.

## Easy monthly payment plans

**Dogs from £16.00 per month**

**Cats from £16.00 per month**
