

## Doc6 Updating your mobile phone number

1. From your web browser, navigate to <https://aka.ms/mfasetup> and login with your RVC credentials (email address and password)
2. On the **Security Info** page, update your mobile phone number.

The screenshot shows the Microsoft Security Info page. The left sidebar has a navigation menu with 'Security info' highlighted. The main content area is titled 'Security info' and lists the default sign-in method as 'Microsoft Authenticator - notification'. Below this, there is a table of sign-in methods with a 'Change' button highlighted for the phone number.

+ Add method
